The William Cornelius Vocational Training Centre

Please join with us in raising an offering of praise and thanksgiving to the Lord for all He has done. We will be celebrating our first graduation this year. The William Cornelius Vocational Training Centre is now functioning. Alan says: "We are now well into our second year of school. Two classes are taking Computation and one class is taking Dental Hygiene. All are taking the three years of High school."

Our goal is to prepare our young adults for life as professionals.

The school has been designed to be used by students who require a wheel chair. However we do not have the elevator that is needed in order for these special needs students to access the second and third floors. So we are also seeking the Lord for a 'three story' elevator.

The majority of our students graduated from the ChildCARE *Plus* ministry here; to those who have committed to providing the increased level of sponsorship support, we thank you. This enables our successful graduates to receive the new scholarships, which will make it possible for them to compete for jobs.

Our beautiful building is still under construction.

We are trying to get the third floor completed for the start of the 2009 school year in January. When done, our next major challenge will be to begin on the machine shop, welding shop and the engine overhaul shop.

We thank HIM for sending and using us, and we thank too, the individuals, churches and districts for all the numerous ways that they have come alongside Pauline and I and our great local team.

Prayer Needs:

1. The continued presence of the Lord in all that we do.
2. The finances needed for all the finishings for the building, machine shops and elevator.
3. That God might continue to move upon the hearts of those who would wish to sponsor one or more of the many promising young Guatemalan students who are for the first time learning how to dream about their future.
4. Wisdom in our preparation for the 2010 school year. Protection over the school family.

After December 31, 2009
all project funds need to be
sent to PAOC MissionLink,
2450 Milltower Court,
Mississauga, ON L5N 5Z6
